

BLACKFISH *Resort*

● LUXURY WATERFRONT INN & SPA ●

Blackfish Resort. Right at your doorstep, and a world away.

*O*ur mission is to be the premier small luxury resort in the Pacific Northwest. We strive to exceed the expectations of our guests by providing a contemporary, world-class experience with an emphasis on comfort and environmental responsibility. Your getaway begins on the waterfront in pristine Point Roberts, Washington—the area’s best kept secret.

Discover the solitude and natural beauty that awaits you just minutes from downtown Vancouver.

The Spa The Blackfish Spa features a sauna, steam room, lounge, juice bar, manicure and pedicure stations, and single and double private treatment rooms. Our full-service spa offers a wide range of treatments with an emphasis on local, natural products. Thoroughly relax, and emerge with your body refreshed and your mind clear.

The Food We believe that the best food is produced within sight of our kitchen. The restaurants at Blackfish source fresh produce and poultry from our own farm and sustainably harvested seafood from local waters. Regional organic producers supply the balance of our needs. Menus that change with the seasonal harvest are the essence of farm-to-table dining. Specialty bread from the in-house bakery, Fraser River salmon from our smokehouse, and craft beer from Blackfish Brewing typify our offerings.

The Experience Picture yourself in a waterfront resort, enjoying your room and gazing at the sea over your own private terrace. This exclusive, 30-room resort offers a full-service spa and two restaurants featuring the finest in fresh, local cuisine. Out your door, you can walk the beach and watch the wildlife, or take advantage of one of the more adventurous activities like kayaking. A 1,000-slip marina and one of the best golf courses in the area are minutes away. There is, however, none of the hustle and bustle of the city here. You are in the middle of a small community surrounded by forests and beaches.

The Rooms Beautifully appointed suites are from 500 to 800 square feet. All feature open room designs with high ceilings, fireplaces, and luxurious bathrooms. You will appreciate the great views from the room and your own private deck or balcony. Ensuite dining and spa services are available for those who can't tear themselves away.

The Activities The recreational program at Blackfish offers sailing, kayaking, paddle-boarding, kite-boarding, and scuba diving. Beyond the resort, Point Roberts

boasts four unique marine parks, all less than 10 minutes away. Lighthouse Park, with its picnic areas and pier, is just down the beach. Lily Point and Monument Parks offer hiking trails, vistas, and spectacular wildlife viewing opportunities. The expanse of pristine, sandy tidal flats at Maple Beach offers beachgoers the opportunity to wade, swim, and build sandcastles.

The resort sits on four acres of beautifully landscaped grounds. Take a walking tour of the on-site organic gardens, greenhouse, and orchard. Sit and relax in the meditation garden, and then make your way along the trails to the beach. Do a bit of beachcombing, but be sure to look up every now and then to observe the local wildlife, including bald eagles, blue herons, cormorants, harbor seals, sea lions, and the orca whales for which Blackfish is named. During the summer, daily visits by the whales are common.
